Dear Sir:-

If there should be a vacancy in your staff of teachers in the chemical department for the coming year, I should be glad to have the opportunity of applying for the position.

I am an alumnus of the University of Minnesota (M.A.) and of Clark University, Worcester, Mass. (Ph.D.); I was instructor in the former university for several years after graduation and fellow in chemistry in Clark University for three years; I have been appointed here for next year at an increased salary, and in case of a vacancy in your institution,

I will be glad to submit letters of com-

I ask in reply to this inquiry, unless
a vacancy referred to exists in your in-

Very respectfully,

Chas. Walker.
